

ENTALLY NOTE BOOK

LORETO CONVENT ENTALLY
EVERY CHILD IS PRECIOUS

Principal's Message

All life is only a lavish and manifold opportunity given us to discover, relish and express the Divine. With this motto we at Loreto Convent Entally always proceed to pursue all dreams which at first may seem impossible but eventually they become inevitable. All our hopes and dreams of 2013 have been fulfilled.

Keeping Mary Ward's vision alive the "girl child" has been given every scope to flourish in the field of both academics and extra curricular activities. The TTIS award bagged by LORETO CONVENT ENTALLY for extra curricular activities set the wheels of achievements rolling. "Times of India" recognized our school with the title 'classic cradle of education. A beautiful halo circled round the brow of Loreto Entally and left us all proud.

Social service runs through the very vein of our existence here. We not only say 'I care about you, but we mean it and live it'. The contribution of our students to the 'Uttarakhand Relief Fund' was judged to be a generous gesture. Standing for social issues like atrocities against women and Sealdah station cleaning drive opened for us avenues which are often the beginning of great enterprises.

Our annual Senior School Concert "I HAVE A TALE TO TELL" traced Kolkata's glory past to present through a colourful dance drama. I wish to congratulate the staff and students for their great work.

I take this opportunity to extend my gratitude to the alumnae for being with us always. I remain ever obliged for their unconditional love for our children.

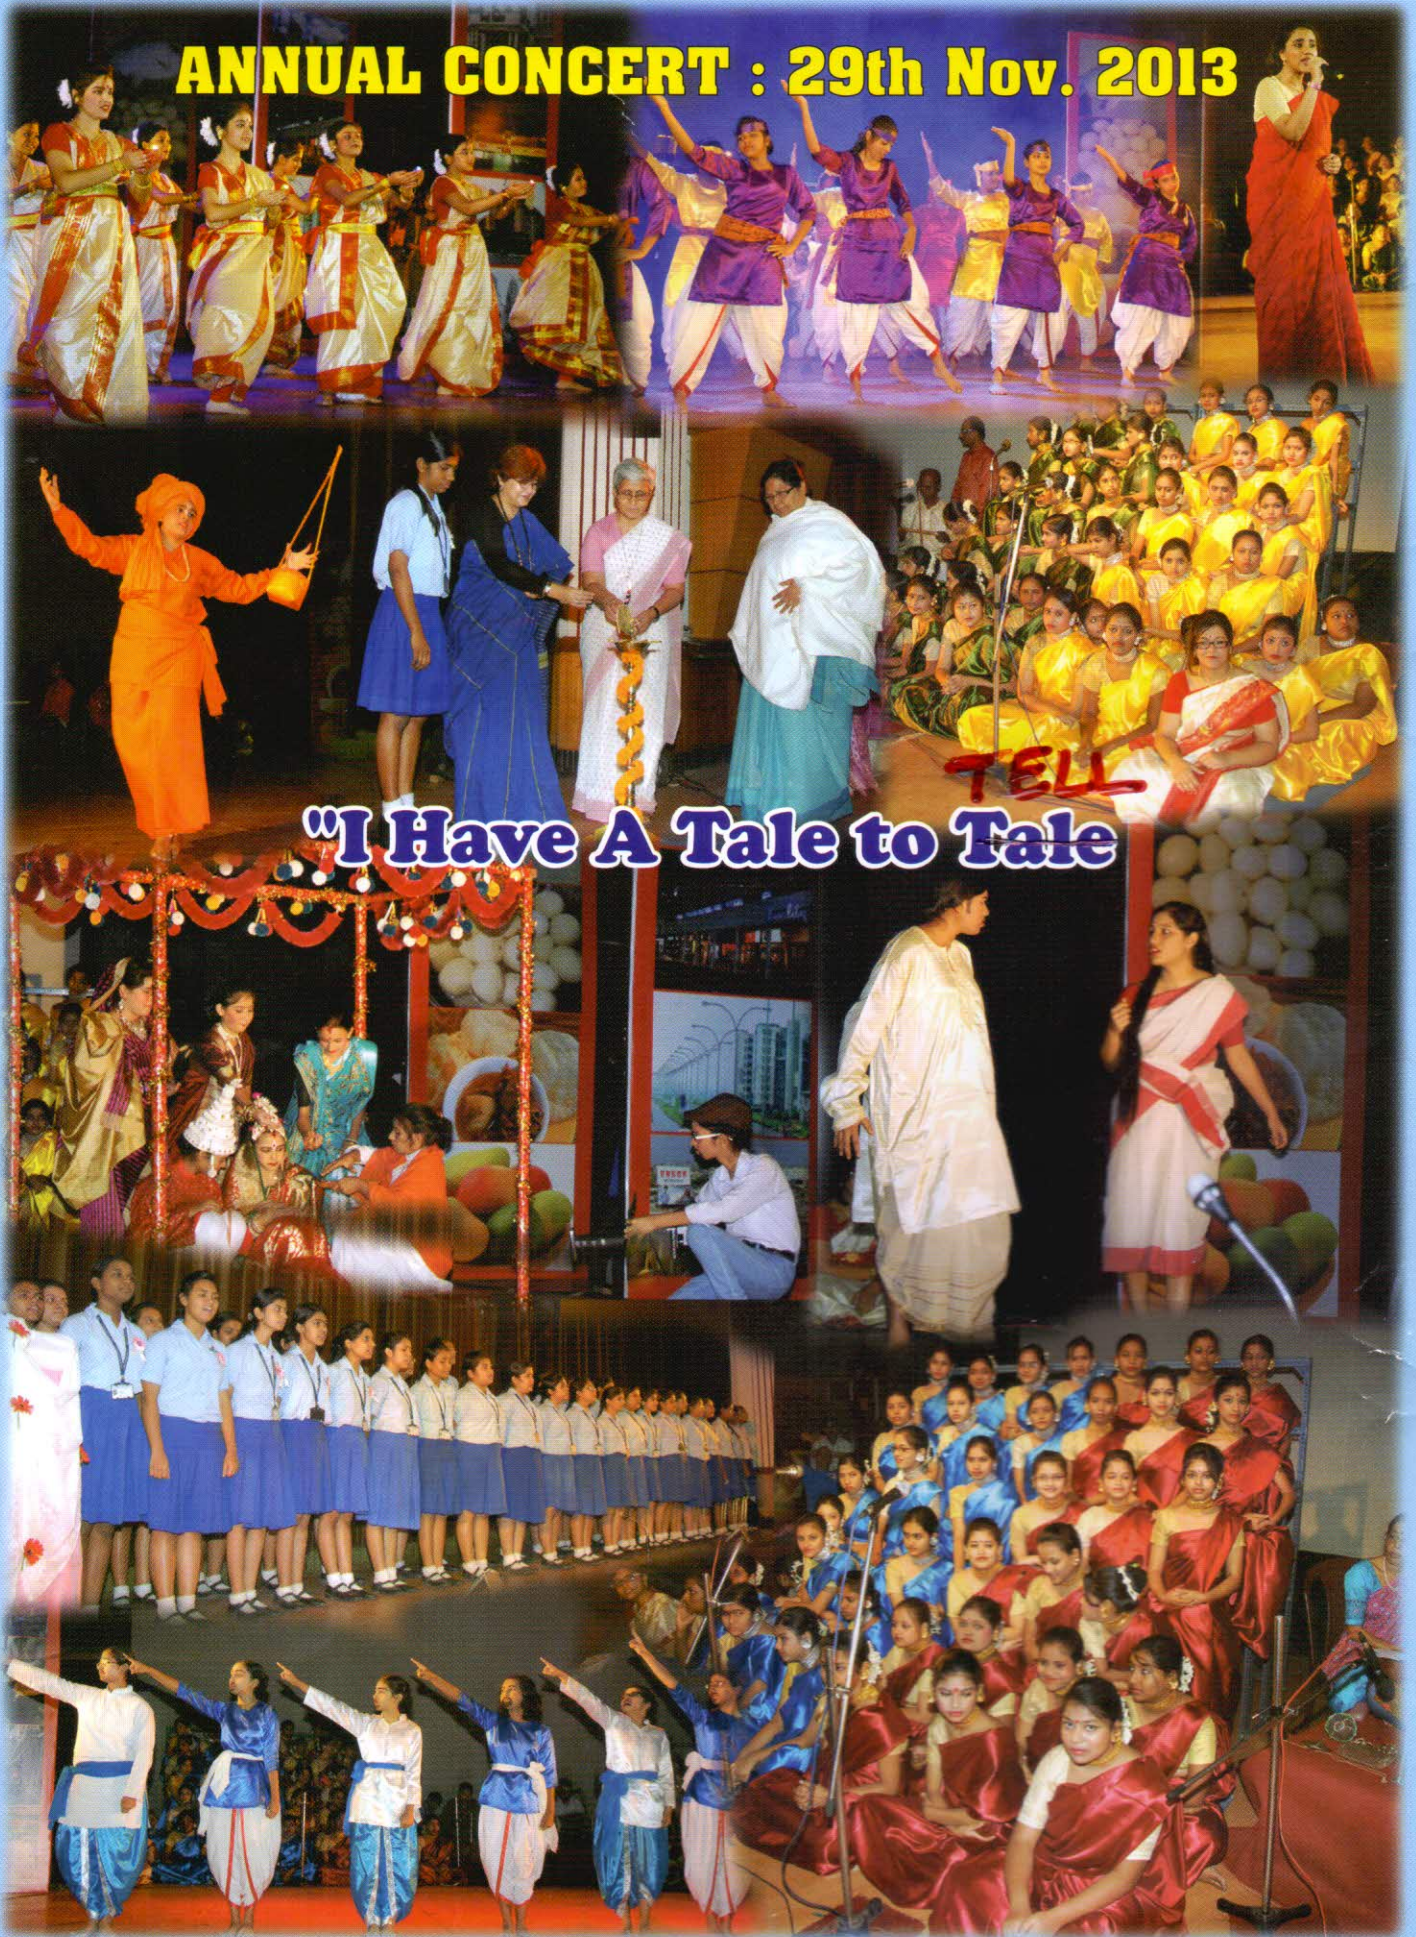

At last I wish to say 'together we have sown the wind and we shall reap the whirlwind.' My hope is, we the sisters, staff and students together keep creating history and the gods above will say "Oh here is the picture of perfection ! the joy unalloyed".

Lets Be Different.....

Riddle

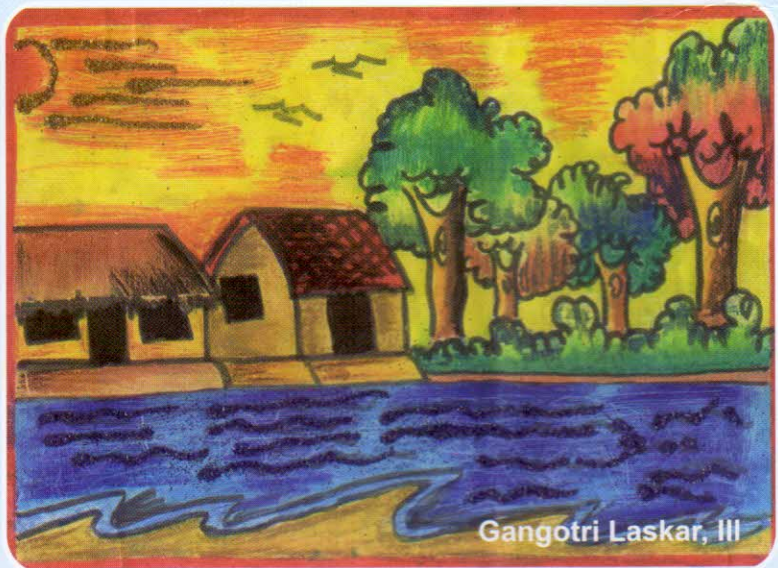

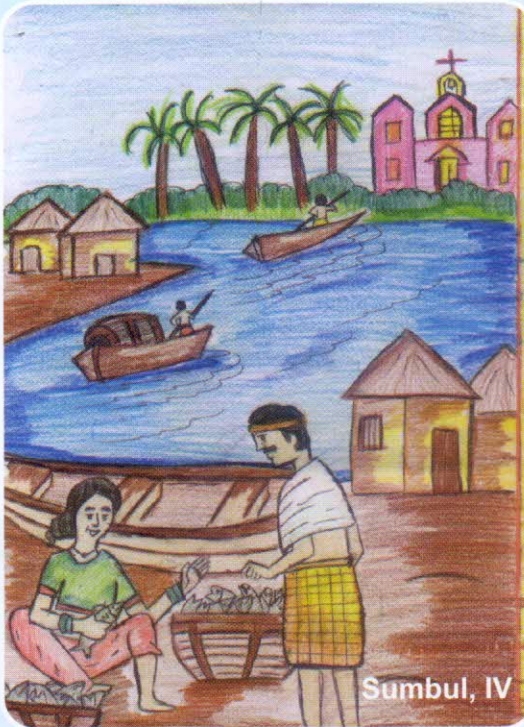

एक दिन की बात है। एक पिता अपने बच्चे से कहता है 'जा जा पानी लेकर आ'। तो वह पानी लेने गया। वह बहुत देर लगा रहा था। वह एक घंटे बाद आया। वह एक जापानी को ले आया।

Gentle brown cow

Give me some milk
and I will give you a
gown of silk.
In a nice green field,
with a great big tree,
If you will give some milk
to me.

শিক্ষক : বাসের ড্রাইভার এবং
কন্ডাক্টরের মধ্যে পার্থক্য কী?

ছাত্র : স্যার, বাসের কন্ডাক্টর
যদি ঘুমিয়ে পড়ে তা হলে
কারও টিকিট কাটা হবে না।
কিন্তু বাসের ড্রাইভার ঘুমিয়ে
পড়লে সবার টিকিট একসঙ্গে
কাটা হয়ে যাবে।

The Heart Speaks

An injured rose blossom was lying alone on the muddy garden earth, ignored, abandoned and untouched. Little Lily finds the Carmine a beauty and starts devoting all her time in nurturing the plant. With the help of adequate water sprayed by gentle hands, the moist damp soil and the warm sunlight – the rose plant has lived to tell the tale of its survival. Lily replants the blossom in the garden, the rose now lost among its companions. Often when the summer wind blows, the rose peeks its head to find Lily nurturing another plant. It is in moments like those that the rose tilts its head towards the sun and cries – "I owe my life to that woman. What shall I give her in return?" From afar, it hears a faint whisper speaking – "She has been growing plants from the very beginning of time. Dear Rose, you are God's wonderful creation. Looking at your sheer phenomenal beauty, your elegance and your determination makes Lily happy. She did not nurture you to receive a pay – It is something that she loves doing."

In my life. I a pupil is the rose who was once taken care by soft hands. Who is Lily? My beloved teachers of Loreto Convent Entally.

Exam Stress On Students

Stress before an exam is normal. But in excess, it's bad both physically and mentally, and can adversely impact one's performance. With the board exams just two weeks away, doctors say that students have been approaching them for medical intervention for various stress-related symptoms, which at times are very serious. Around this time of the year, when exams are knocking at the door, they have students coming to them for various stress related symptoms. like anxiety, helplessness, loss of sleep and appetite, depression and suicidal tendencies.

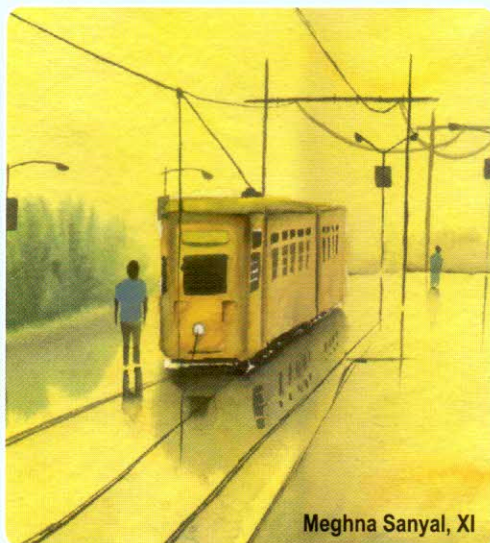

The stress during the pre-exam is not just detrimental to a child's future career but also to their physical and mental health. In run-up to the exam day, time management is crucial to effectively manage stress, Experts say, 'This is a crucial period for students and time management is important. They should make time tables and plan how to do revision of their subjects.'

During this time parents should not show their anxiety for the kids. Instead, they should take care of the child's diet and make sure that he or she takes time out to relax in between studies. I also think that school should start teaching examination skills to students as it has become very important in today's time.

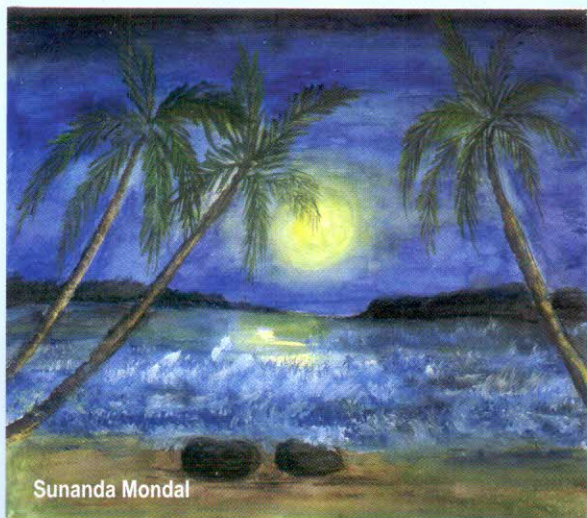

Flight Of An Eagle

Today I am standing on the church spire,
Planning a flight that could take me higher
My wings are getting impatient day by day
Unused for a decade did it stay
I hear the call from the sky,
they say-this is a place where you shall lie.
Your future awaits you! You are destined to fly.
Through the clouds and highest mountain peaks
Straight into the deepest jungle and scary waters
of Amazon
Having the strength to fly awn and awn
Into the deepest night till the crack of dawn
My heart bleeds to leave my beloved place to
remember the 'once forgotten face'.
Gone are those days of love.
Which were far beyond the proportion I deserved.
Still taking the memories by my side
Here I take my long awaited flight.

A BUNCH OF KEYS

As a legacy

I got a bunch of keys.

Small, big, fat, short.

All different from each other.

But whenever I went

I only saw huge big cupboards

And outside

Hung huge locks.

I pull out the keys from my pocket.

I try this key and that

I turn and twist them

But the cupboards do not open.

Tired I come back to my room.

Mother looks at me and smiles.

She says even your father was defeated.

I have heard they opened during his father's time.

You know what the reality is?

The keys open

doors of Sincerity, Truthfulness.

Righteousness, Dedication.

So today with the keys

These doors do not open.

I request you, do not throw the keys away

When you leave

Hand over these to the next generation

May be

The cupboards will open in their hands

As their keys are of Sincerity, Truthfulness,

Rationality, Dedication

The closed doors of my life

May open- will surely open.

STUDENTS COUNCIL 2013

HEAD GIRL	: MOUSUMI HAZRA
VICE HEAD GIRL	: ARPITA KUNDU
PREFECT	: ROSEMARY CORRAYA
VICE PREFECT	: IFRA H ALI
GAMES CAPTAIN	: MARY MARGARET ANTHONY
VICE GAMES CAPTAIN	: SHARON HEARTLY
