

# Loreto Convent Entally

(2020-2021)

*Every Child is Precious*

## PRINCIPAL'S MESSAGE

The year gone by was one of tremendous challenges for all. We at Loreto Convent Entally sailed through smoothly having being able to complete the previous academic session successfully and begin the new year with a breath of freshness.

The initial months were dedicated to learning for all teachers. We were introduced to a whole new world of teaching-learning. We took to Google Meet and WhatsApp class groups in order to reach out to our students. We were active in both curricular and co curricular activities. Classes were designed keeping in mind the screen time exposure of students. The Assessment was based on a continuous evaluation pattern where students were appreciated and encouraged to give their best as well as develop a grip of the new normal. We were able to melt boundaries as the Junior section students of 14 branches of Loreto India interacted to create a delightful experience for all who witnessed Vibrant Hues. We introduced our senior students to a variety of professionals from all over the world in two Career Guidance webinars.

The year 2020 was made possible by the cooperation of all members of the Entally family. I take this opportunity to thank you for being an integral part of the virtual schooling process. The year ahead does seem uncertain but we are sure to create a new dimension to education, where innovative teaching and vocational training is the need of the hour. Our aim is to reach out to every student and instil in them confidence and self belief as they are special.

**And not only so, but we glory in tribulations also; knowing that tribulation worketh patience ; And patience, experience ; and experience, hope .**

**Roman 5:3-4**

**Mrs. Jessica Gomes Surana**

## SUPERIOR'S MESSAGE

The pandemic has created a truly unprecedented situation for everyone. We face a common enemy and the situation like this reminds us that we are all connected. As a student you might be experiencing a shift in your belief system but the importance of education remains constant. We do not know how long it will take for things to get normal but we can try and make each day a better one. I understand that it is really stressful but we are called upon to be the best version of ourselves, with patience, love and consideration; the dark cloud will pass and the sun will shine another day.

**Sr. Flora Anthony**

**HEAD GIRL'S MESSAGE**

**Debjani Biswas**

The pandemic year of 2020 has been historic. It posed many challenges on all fronts – be it economic, social or educational. As students, we went online with learning and cocurricular activities. As Head Girl of Loreto Convent Entally, I was, initially, at a loss. However, under the wise guidance of our Sisters, Principal and teachers, I learnt so much more than I ever thought. The Student Council rose to the occasion unitedly. We learnt many new things, made mistakes and then, learnt some more. We pushed ourselves to adapt to the changing circumstances. We organised online events like Teacher's Day, House Assemblies, Assemblies celebrating special events like Durga Puja and Independence Day, Inter House House Debate and Inter House Quiz. We were ably supported by the cooperation of all our students. Under our Principal's dynamic leadership and teachers' affirmation, we faced every challenge cheerfully.

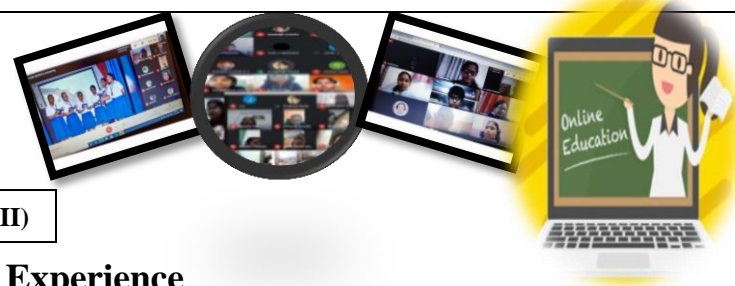

I wish the Student Council 2020 - 21, all the very best for all new ventures, that this year has in store for you. May you always keep the Loreto Banner flying High.

*Online classes have helped me in time management mainly. I am now able to take out more time for self study as compared to offline classes. But the high disadvantage of online classes have been the absence of face to face interaction. Certain queries cannot be resolved in online classes.*

**SERENA TOPPO (XII)**

**My Online Experience**

Online classes due to COVID-19 have opened countless opportunities for us. It helped us to explore the modern and advanced world of technology. Online classes were full of challenges, starting from network issues to attending classes all alone. Due to online classes, there was less wastage of time in traveling. According to me, it was a wonderful experience in spite of all the hurdles.

**POULOMI DAS (XI)**

For the past one year, we have been doing online classes and activities which is not less than what we used to do before at our school. It is just a change of surroundings. My personal experience on Online learning has been good. I think that if similar circumstance arise, we can go back to Online Learning. We have learnt that Humans are adaptive in nature, so in future I wish we continue using this way of learning and gain by it.

**KAUSHIKI BISWAS (X)**

Though this was a difficult year for all, we have learned a very important lesson that –“Learning never stops”. In spite of this crisis we continued our education through the Online mode. This Online mode of education have helped us to become more independent and techno savvy. A big thank you to the Teachers and our Principal who have helped us to continue our education and did not allow this pandemic to waste one year of life.

**NEHA CATHERINE BISWAS (XI)**

According to me, Online learning was a very effective method of learning since we could always fall back on the presentations and the notes send by our teachers. On the other hand, it was a bit challenging because it depended entirely on the Internet connections whose services were very uncertain. But it had its own advantages as well. All doubts were cleared and revised whenever asked. Our learning never stopped but continued in a more advanced manner.

**SANIA NEOGI (X)**

It was a good as well as a annoying experience. I would assess this experience helpful, in terms of having an idea of how to organize my work with people who are not physically close to me. It reduced travelling time to school. I had problems with Internet connection sometimes. It was very difficult to concentrate when there was some function in the house. Learning takes place better in physical classrooms than though online education.

**KASHISH AGARWAL (XI)**

For me online learning was challenging and fun. We got introduced to new platforms of learning which increased our knowledge about them. It made us independent as we started doing everything on our own to get used to the system. However at times it was trying and boring as we could not interact properly.

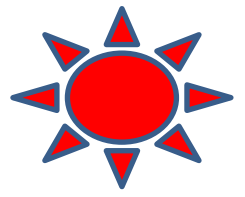

**ALISHA RAHMAN (X)**

# VIBRANT HUES' 20

## ARTIDOTE

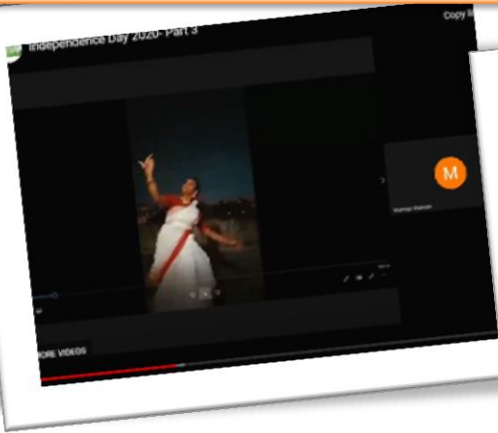

**VIBRANT HUES' 20** presented "**Artidote**" - meaning healing through art, derived from the word Antidote, which was held on the 22nd of August 2020, Saturday at 9:00 am on a virtual platform to promote the development and enjoyment of 'Art'. This celebration covered the spectrum of performing 'Arts'- dance, cooking, creative thinking. The pandemic did pose multiple challenges but the event sailed through all difficulties and hurdles & finally pure hearts met with abundance of energy and love. 14 Loreto schools from all around India (PAN India) from classes III to V participated in this event. The schools that participated were :

1. Loreto Day School, Bowbazar
2. Loreto Convent Darjeeling
3. Loreto Convent School, Delhi
4. Loreto Day School, Dharamtala
5. Loreto Day School, Elliot Road
6. Loreto House
7. St. Agnes Lucknow
8. Loreto Convent school, Ranchi
9. Loreto Day School, Sealdah
10. Loreto Convent Shillong
11. Loreto Convent Shimla
12. Loreto Vincent School, Thakurpukur
13. Loreto Convent Asansol
14. Loreto Convent Entally

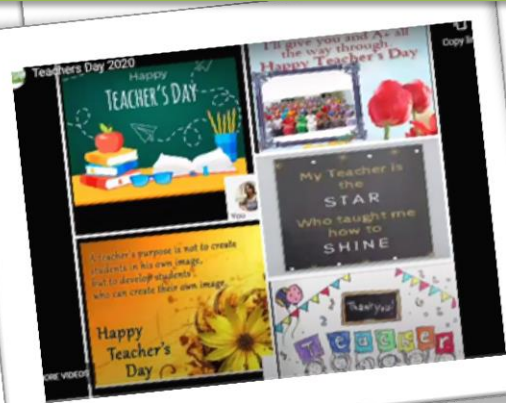

# VIRTUAL ACTIVITIES

## INDEPENDENCE DAY CELEBRATION

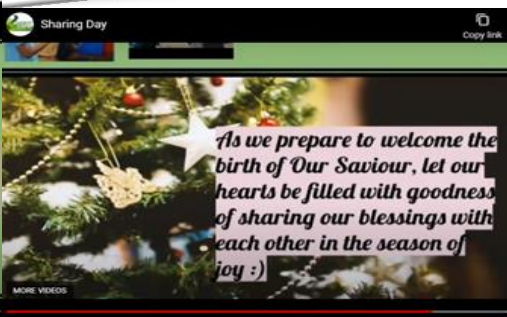

## TEACHERS' DAY CELEBRATION

## CHILDREN'S DAY CELEBRATION

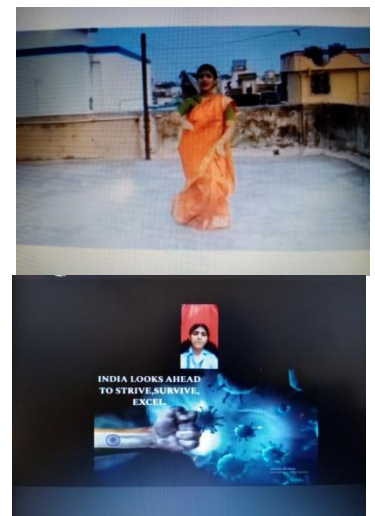

## SHARING DAY

# ADVENT MASS & NATIVITY PLAY

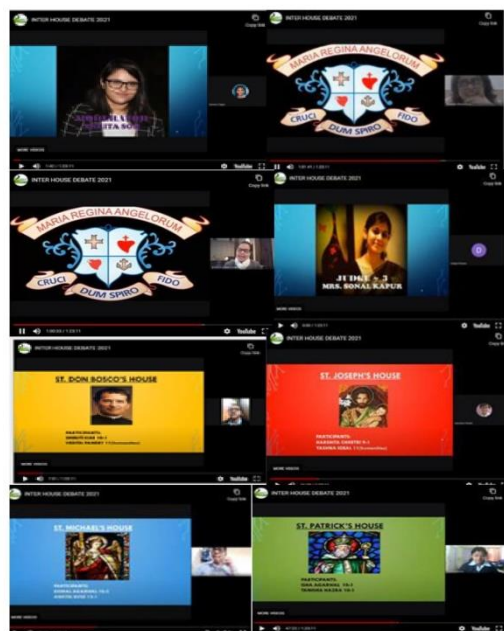

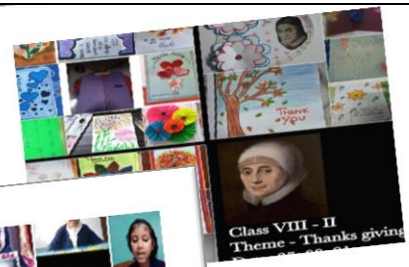

# REPUBLIC DAY CELEBRATION

# PRIZE DISTRIBUTION CEREMONY

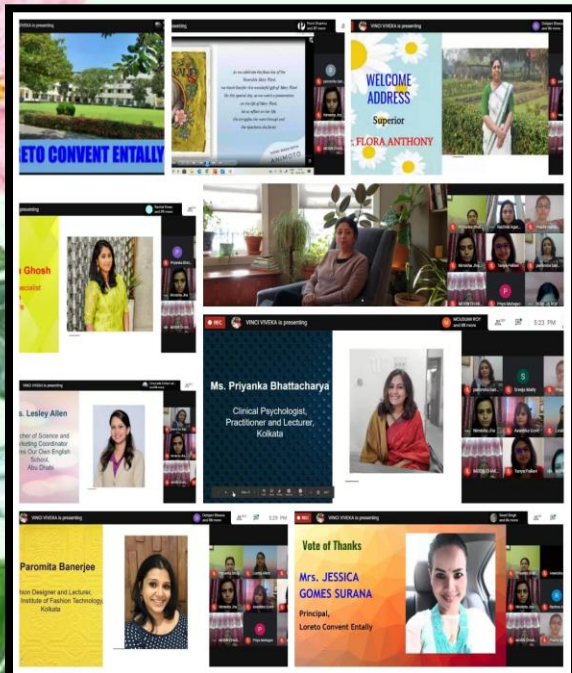

# MARY WARD WEEK CELEBRATIONS 2020-2021

## INTER HOUSE DEBATE

In commemoration of Mary Ward's birth anniversary, the four houses engaged in a battle of words as they hotly debated on the motion "That affirmative gender biased action causes more harm than good". The bright young minds researched and prepared to face their opponents on the Google Meet platform and, undaunted by technical glitches or the new medium, put up an argument that left the judges and the moderator impressed.

## Exploring the Alternative Pathways

Eleven eminent women speakers from different fields across the world and proficient in their field to reach out to the students of Loreto Convent Entally and other Loreto Schools as well, sharing and guiding them effectively. The career Counseling Webinar was a huge success will pave the way for many as they search for the right career.
